JUNE 21\textsuperscript{st} 2016

KAMP / SAP GeoSpatial Exploratorium And Workshop

Kentucky State University
Hathaway Hall
Rms. 125, 300 and 328

Geospatial technology, especially GIS, plays an integral part in interdisciplinary problem solving across a rich variety of STEM content areas. This GIS Exploratorium and GeoMentor Workshop seek to bring together young aspiring STEM K-12 student-practitioners and current geospatial-centric professionals for a hands-on learning and sharing experience...
